PROFESSIONAL SUMMARY

Computer Science and Engineering graduate with foundational skills in data analysis, Python, SQL, Excel, and data visualization. Familiar with data cleaning, exploratory data analysis, dashboard creation, and presenting insights through academic projects and virtual experiences. Eager to contribute analytical and problem-solving skills in an entry-level Data Analyst role.

TECHNICAL SKILLS

Programming & Analysis: Python, R, SQL, Pandas, NumPy
Visualization: Microsoft Excel, Power BI, Tableau, Matplotlib
Databases & Tools: MySQL, Jupyter Notebook, RStudio, Git, GitHub
Core Skills: Data Cleaning, EDA, Data Visualization, Dashboarding, Reporting

PROJECTS

Hotel Booking Analysis | R

- Analyzed hotel booking data to explore cancellations, average daily rates, missing values, and duplicate records.
- Performed data cleaning and exploratory analysis on a dataset containing over 119,000 records.

Sales Performance Dashboard | Power BI

- Built an interactive sales dashboard using charts, filters, and visual summaries to explore business performance.

Automated Data Analyzer Using Generative AI

- Academic project focused on automating data analysis and generating insights using generative AI concepts.

AI-Powered Resume Screening and Enhancement System

- Mini project exploring AI-based resume screening and resume improvement.

INTERNSHIP & VIRTUAL EXPERIENCE

AI Data Analyst Intern | InAmigos Foundation | October 2026 – Present

- Worked on NGO research, AI-powered data analysis reporting, volunteer opportunity research, and AI-based strategies for NGO outreach and engagement.

Generative AI Intern | SmartBridge

- Completed learning and project activities focused on Generative AI with IBM Cloud.

Virtual Job Simulations | Deloitte and Tata

- Worked through data analytics-related virtual experience activities and case-based tasks.

EDUCATION

B.Tech, Computer Science and Engineering | CGPA: 7.51
Gates Institute of Technology | 2026
Intermediate (MPC): 757/1000
Class X: 532/600

CERTIFICATIONS

- Deloitte Data Analytics Job Simulation
- SmartBridge – Generative AI with IBM Cloud
- VAULTSPHERE AI Technology Pvt. Ltd. – Data Science
- Simplilearn – Data Analyst Course
- Tata Virtual Experience
